

# September 2007, Blackhawk Ridge Unit of the Lower Wis. State Riverway

May 16, 2013 by WMS2013

Foray leader Hal Burdsall (*pointing*) gives instructions prior to foray.

Hal motions to the size of the forest at Blackhawk Ridge

The mushrooms are out there. Go that way

Members begin their foray into the woods.

Members begin to arrive back from foray.

A basket full of Sulfur Shelf.

First timer with large Honey mushroom.

Hal begins to I.D. specific species of fungi.

*Laetiporus sulphureus* , aka Sulfur shelf, Chicken of the Woods.
